# Concrete soap bar blocks

440×100×100mm   
or 440×140×100mm laid 'flat' 

20 No per m<sup>2</sup>

440×140×100mm laid 'upright' 

15 No per m<sup>2</sup>

Stowell 100×100mm soap bar blocks, and the 140×100mm size when laid 'flat', have a face size of 440×100mm – half the height of a standard block and are built with a course height of 110mm. Two courses match one course of standard blockwork or three courses of brickwork.

Stowell 140×100mm soap bar blocks, when laid 'upright', have a face size of 440×140mm – two thirds the height of a standard block – and are built with a course height of 150mm. Three courses match two courses of standard blockwork or six courses of brickwork.

These products can be manufactured in other materials depending on order quantities.

All products are available ex works.

Prices on application.

Telephone our sales office for further information and quotations.
